DR. M'LANE'S Celebrated American WORM SPECIFIC, or VERMIFUGE.

SYMPOMS OF WORMS.

The consequence is pale and lead-colored, with continual flushed, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an averse sensibility runs along the lower eyelid; the nose is irritated, swollen, and sometimes bleed; a swelling of the upper lips; occasional headache, with burning or throbbing of the ears; an unusual secretion of saliva; slow or forced respiration; breath very foul, particularly in the morning; a painful variable, sometimes voracious, with a twining sensation of the stomach; at others, violent power, fiering pain in the stomach; occasional nausea and vomiting; violent pain throughout the abdomen; bowel irregular, at times constipated; stool slimy; not unfrequently mixed with blood; bodily swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by a cough; cough sometimes dry and convulsive; intense and disturbed sleep, with gitting of the teeth; temper variable, but usually irritable, &c.

Whenever the above symptoms are found to exist,

DR. M'LANE'S VERMIFUGE

Will certainly effect a cure. The universal success which has attended the administration of this preparation has been such as to warrant us in pledging ourselves to the public to

RETURN THE MONEY

In every instance where it should prove ineffectual, preceding the symptoms attending the sickness of the child or adult should warrant the suspicion of worms being the cause of the same, which this specific will remove.

The best periods to apply the vermifuge are the first and second months of life.

It is also applicable to all worms, whether intestinal or otherwise.
